NEW STEP, NEW JOURNEY

MAGICSHINE®

MARKET APPLICATIONS

Downhill
MTB Riding
Trail Crossing
Enduro
Backcountry

DESCRIPTION

Unbeatable powerful as it used to be, the new MONTEER 6500S becomes more durable and functional with the completely upgraded battery pack that is equipped with four 5000 mAh long-lasting battery cells, which extends the night adventure time significantly by 40 minutes at the maximum brightness. Moreover, it can tell the battery level easily, and be used as a high-end USB-C PD fast charging & discharging power bank for emergency use.

As a combined influential lamp that can be used for a broad range of night challenges, MONTEER 6500S is going to cover everything on your way and be your best adventure companion. Paired with 5 top CREE® LEDs, custom- engineered multiple flats lamp cups, and the combination of 32°and 21°beam angle, MONTEER 6500S is able to deliver the perfect balance of flood and spot light beam, allows you to see every stone on the way, maintain the fastest movements and enjoy the most aggressive night riding experience.

With the redesigned CNC machined aluminum body and smart heating control system, MONTEER 6500S now is even more robust. It passed the 3 meters waterproof high stress test, which means it can withstand in the most extreme weather situation.

Thanks to the Garmin type mount and rich accessories, MONTEER 6500S is easy to be mounted securely on different size of handle-bars, helmet and attached to bicycle computers or GoPro. Thus to ensure flexible demand of illumination.

MONTEER 6500S ZEUS

NEW STEP, NEW JOURNEY

FEATURES

- Extreme powerful 6500 tested lumens for the most challenging night adventure.
- Equipped with high efficiency lens to provide a smooth transition from the spot beam to the flood beam.
- Smart heating control system with unique fin shape design, ensure high cooling performance.
- Strengthened 7.2V 10000mAh strong battery pack with latest 5000 mAh 21700 battery cells and USB-C PD charging & discharging function.
- Multiple modes selection that is suitable for downhill ,MTB, trail crossing, enduro and backcountry.
- Straightforward operation with one button on the lamp head.
- Versatile and secure mounting methods on helmet and bike satisfy different illumination requirement.
- CNC machined aluminum with IPX 5 waterproof rate that suitable for various weather conditions.
- Easy-to-read battery indicator both on the lamp head and battery pack.
- Available for 31.8mm, 35mm handlebars.
